Monday, although a bad day, in the store it has seemed like a day of Christmas week. Enthusiasm cannot wane, rather is bound to increase as the bargains we are giving become known.

The degree team meets at seven. Refreshments at close of the meeting. C. A. Spear, Sec'y.

The musicale given last evening by the Sylvan club at the pleasant home of Mr. and Mrs. W. Y. Caldwell, of Maple avenue was voted a charming success by those present. The quartet work of the club was most tuneful and the blending of the voices particularly good. The male quartet numbers received hearty applause, and an encore was kindly given. Solos were sung by Dr. Hollister, Mrs. Panton and Mrs. Brattle. The program, though intended to be short, was somewhat lengthened, as every number was enthusiastically met with a demand for an encore.

In spite of the promises of the early completion of the new Central Vermont station, the little shanty at the Granite street crossing is still the headquarters of the railroad in this city. The platform is usually covered with baggage and passengers are greatly inconvenienced in getting to and from the trains. As a camping-out summer proposition, the shanty was not so bad, but as the weather gets colder the need of a real station and waiting room is felt. The reason for the delay in opening the new station seems unnecessary to the casual observer, as the building is practically completed. It is now over two weeks since the workmen left the building because they ran out of material, when it was stated that two or three days' more work were required to complete the structure.
